

Attention Meadowbrook Residents!

1. We finally have a FEMA Contractor in Meadowbrook. They will be picking up 'Green Debris' (storm refuse, trees and lawn trash bags) We can expect them to be in Meadowbrook for about two weeks. They will follow with a pick up of 'White Debris' (construction debris). Their presence will cause some traffic delays. Please be patient and drive carefully.

2. Special Assessment - A \$500.00 per lot Special Assessment has been assessed for Hurricane Katrina recovery expenditures. All homeowners are required to pay this assessment upon receipt of the invoice. The MBHA has filed with FEMA for reimbursement of expenses incurred for the cost of this clean-up project. FEMA has not given us any indication of how much (if any) the reimbursement will be. Payment of the assessment is due on or before October 31st to avoid late charges.
Thank you.
